Information for Physicians
regarding
Eloxatin ® Infusions at Provis Infusion Clinic

Thank you for allowing Provis to assist in your patient's care.

We would like to make the coordination of systemic therapy at the Provis Clinic and your facility as easy and seamless as possible for both you and your patient.

1. At present, infusions at Provis are given on Tuesday evening only.
2. Please download and complete the **Medication Order Form** for Eloxatin available from our website www.provisinfusion.com and fax to 416-532-3635.
3. It is important that the required laboratory tests are done within 3 days before treatment. For Eloxatin the following tests are needed:

Prior to each cycle: CBC, lytes, Cr, liver function tests.

4. We request that all test results are reviewed and approved (by signature) by the referring physician or designate. This is then FAXed to our confidential server at **416-532-3635** by 3:30 pm on the Tuesday of treatment (in many cases patients are seen one or two days before and the results with approval are sent in).
5. If patients develop pharyno-laryngeal dysesthesias we will communicate directly with you regarding timing and duration of further infusions.

If there are any questions or concerns, please do not hesitate to contact our office at Tel. 416-595-0500.

The Provis Team
